Term— 4 Monday 17 October to Tuesday 13 December

Wow - we certainly had some wild weather over the last couple of days, so much so that our boys soccer team didn't get to play in the zone tournament yesterday. Hopefully the girls get to play on Thursday but either way, we'll be organising a friendly match with some of our local schools later in the term so that those who missed out get a chance to play.

And what an action packed term we have exploring and learning in our local area. Next week the Senior School embarks on the Mountain to Sea Project which involves many new learning experiences including kayaking in the harbour. This initiative came from funding secured for local projects so a big thank you to all involved in making this great opportunity possible for our students. It involves all senior school students and fits nicely with our underlying philosophy that our tamariki have many different experiences in terms of sports and recreation whilst at primary school to promote wellbeing and resilience.

You may recall that last term, a group from our Gardening Club participated in a Kahui Ako collaboration, planting native trees and shrubs on Te Pane o Mataoho. This collaboration was filmed by TVNZ Marae programme. Check it out through the link below - the item starts at 24.90.

News from the Board of Trustees

In the weekend, the Board of Trustees had a strategic planning day where we began the conversation regarding the future of Waterlea School. What came out of this hui was the need to engage whanau around the curriculum as there are many changes happening in that space and you'll

need to know all about these changes. In the next few weeks we'll be asking for your feedback on changes to the Health and Physical Education Curriculum. We will do this initially through a hardcopy survey with some follow up parent workshops if there is a demand, so look out for notifications regarding this.

Left: The Board of Trustees in action!

Thanks to the PTA

Big shout out to Kristelle Paterson who spent many days in the last school holidays carting unwanted school items to various places to dispose of them. We really appreciate the effort she has put in to assist our school in freeing up space for other things.

Supporting Kristelle we would also like to acknowledge and thank the following: Tim Paterson, Rebecca Hoefft, Sel and Fabian Dixon. Thank you to all!

Proposed changes to the Royal Oak Intermediate (ROI) School Zone

Submissions have now closed for the proposed changes to the ROI school zone and we will keep you informed of any updates as they come to hand

Wet and Muddy Children

Could you please provide a change of clothes in your child's bag in case they get wet or muddy in this rainy weather. This applies to all ages - especially those tamariki who like to play sports on the field. We are unable to supply a change of clothes to all the children who get dirty so if they don't have any spares they will need to stay in their wet and muddy clothes. Thanks for your help.
